Meeting with the Scott Center

Meeting with Scott Center

Goal : Meet with them and define
Requirements

Outcome : requirements changed

Requirements Documents

We managed to finish our requirements document after the change to requirements and defined our main components

Trainer

Trainee

Database

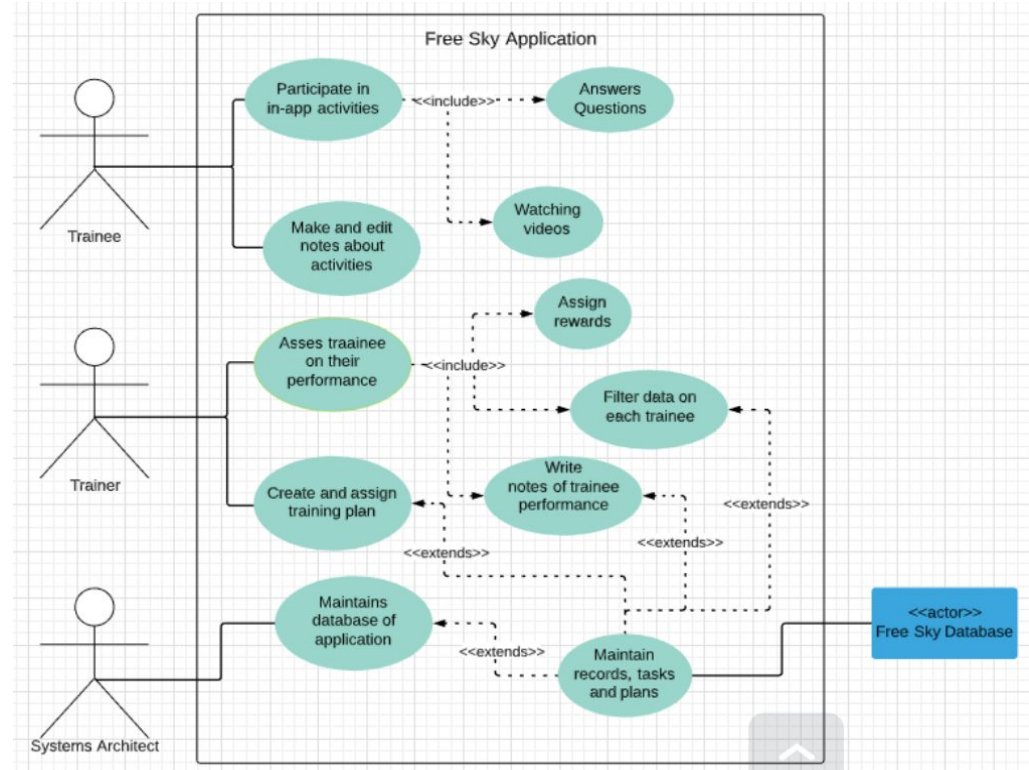

Modules

Design Documents

Goal : Create Design plan

Outcome: Different Documents

And a fleshed out system

Test Documents

The test plan was completed and each feature has a scenario that will test their functionality. The features fall under the categories of:

- Trainee Features
- Trainer Features
- Frontend Features
- Backend Features
